

Mud Volleyball Rules & Format

If the ball hit the mud it's in, dry dirt it's out

Each team may have up to seven participants in the pit

All participants must be 16 or older

Participants may not bring "beverages" into the pit

Hockey style player substitution

The tournament is double elimination, if you lose once you'll get a second chance. If you lose twice, better luck next year

Each match will consist of one game, a winner will be declared when one team reaches 21 and is at least two points ahead

Participants may bump, set spike, head but or kick the ball to get it over the net

No whining.....
